Parents' First Day Checklist

Welcome to our school! It is our goal that families have a positive and rewarding experience. This checklist will help you and your child start the experience.

Getting Ready for the First Day of School:

_____ We have completed the Registration Materials and obtained the necessary medical information to enroll our child.

_____ We have gathered the necessities for the First Day of School.
(ie: extra change of clothes, backpack, comfort kit, 1 picture of child for classroom, and medications, if necessary.)

_____ We have talked to our child about what's going to happen the first day -- lots of fun, lots of toys, lots of new friends.

_____ The family has visited the classroom and met the teachers and director.

_____ Our child has been introduced to the children in the classroom and has visited the playground.

_____ Our child has been assigned a special place to put his/her belongings.

_____ We have read the Parent's Handbook.

_____ We have notified our emergency "pickup" people they are on the Pre-School's Child Care list in case we can't arrive on time.

_____ We have paid the September tuition payment.

_____ We are ready for a Great Experience!
